## **Joint Artists' Statement**

"Art is communication.

Sometimes it shouts; sometimes it whispers, but it must speak."

"Art uses many venues to communicate with the viewer's emotions and spirit.

Our work uses visual media to express emotional and spiritual messages through our treatment of experiences of daily life."

"We hope our art will speak to you."

*-Jeff and Debbie Mayfield*

## **Brief Biographies**

**JEFF MAYFIELD:** Jeff Mayfield captures beauty with both brush and camera. Self-taught artist Mayfield has been developing his skills for more than a decade. His mixed media pieces and watercolors reside in galleries and collections throughout middle Tennessee. His industrial photos appear in numerous publications and professional venues. Visit Mayfield's website at [www.jeffmayfieldartist.com](http://www.jeffmayfieldartist.com) to view his work. Mayfield's formal education earned him a Bachelor of Science degree in Business Administration from the University of Tennessee at Knoxville in 1983, a career in public accounting, and eighteen years as the Chief Financial Officer for Quality Industries in LaVergne, Tennessee, where he now serves as President and Chief Executive Officer.

**DEBBIE MAYFIELD:** Mrs. Mayfield's journey to professional artist was destined, yet not direct. Her original ambition was to work at Kay's Kastle Ice Cream Parlor as her grandmother had done. Fortunately, in 1997, Debbie had the opportunity to pursue seriously the avocation she had always loved. She is now a full-time artist working mainly in oil and watercolor. She has recently been discovering the merits of acrylics. Mayfield is grateful to all the artists who have helped her along her artistic journey. Some detours along her path include graduating at age twenty from the University of Tennessee at Chattanooga with a B.S. in psychology; attending Texas Christian University on a full golf scholarship; and passing the Tennessee bar exam in 1983 after receiving a J.D. from the University of Tennessee College of Law.
